

# MyFax for ACT!

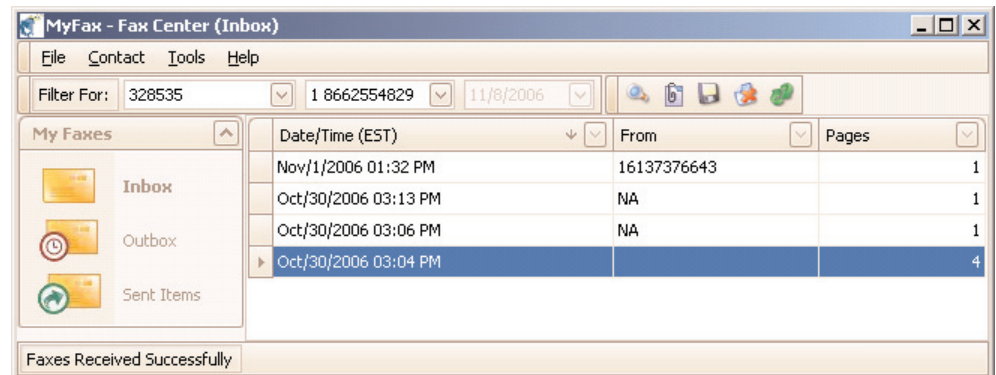

MyFax™ is an Internet-based fax service that lets you send and receive faxes using existing email accounts and the web - and now send and receive faxes directly within ACT!®

MyFax eliminates fax machines, fax servers and everything that goes with them, like supplies, dedicated lines, busy signals and long distance charges. And no more paper.

## Benefits for ACT! Users

- **No need for WinFax™ Pro, Microsoft® Fax or any other software or hardware.** MyFax works with ACT! and your Internet connection, ensuring a simple and rapid roll-out.
- **Track** your **History** of faxes sent to ACT! Contacts.
- **Broadcast** fax documents to an unlimited number of your ACT! Contacts.
- **Mail Merge** ACT! templates to personalize your fax broadcast.
- View **received faxes** directly within ACT! for up to 365 days.
- **Always On** – MyFax operates all day, every day - your computer does not have to be on to receive faxes. MyFax never runs out of paper, loses an important message or gets turned off.
- **Mobile** – MyFax users can access faxes from anywhere in the world as long as they have access to the Internet.
- **Total Control** – easily recover lost faxes online for up to 365 days.
- **Secure** – turns your existing setup into an inbound private fax mailbox so faxes remain completely confidential.

### Send and Receive Faxes directly within ACT!

More than ever, today's businesses need tools that can multitask efficiently and effectively. MyFax Internet-based fax service is a simple, reliable, and cost-effective way to communicate with clients and suppliers, conduct marketing, and manage the business of business.

**Fax directly  
within ACT!**
